Our Company "Sicuro Group" was founded in early 1994 by the insurance consultant - agent Spyros Georgiadis and so far our years of experience in managing major risks and portfolios is a comprehensive proposal for individuals and businesses.

We have contracts with all the major insurance companies in Greece and abroad either through direct service or under the protection of professional insurance brokers achieving:

- ✓ The required solvency and security requires each insurance risk for Individuals and Businesses.
- ✓ The ability to take risks to persons and property of individuals with expert advice.
- ✓ Ensure special arrangements for special risks such as Marine insurance, Aviation insurance, D&O (business executive responsibilities), Kidnap & Ransom, for special guards on board etc.

Our goal, as Company Insurance Intermediation, is "bridging the gap" between, on the one hand of Insurance Companies, which are vector coverage and secondly the insured, whose interests we represent.

Also for our partners achieve the facilitation of cooperation with all partner Insurance, through our office, by taking account management is essential as each individual.

Our philosophy is to the best possible service to our customers, and our partners.

Basic principles of our philosophy, which we breathe and our partners are:

- ✓ Overall coverage insurance customer needs, presenting the relevant insurance products, with a view to securing and giving him the right of final selection of the product meets.
- ✓ Assistance in the event of an actionable event, which is necessary to achieve the final goal, which is the timely and proper compensation to the customer.
- ✓ Constant communication and maintaining contact partner with his client.
- ✓ The review of customer needs in anniversary / end of each contract to reflect any changes in the insurance industry.

Sicuro Group operates in all sectors of real Security, such as:

- ✓ Personal Insurance, Car Insurance namely, Residential Life and Health.
- ✓ Business Insurance, Commercial Properties such as insurance, liability Insurance Group company employees.
- ✓ Specialized insurance for Marine (boats - ships), and Aviation (aircraft).

The increased activities in our area of the insurance industry, and our desire to better serve potential customers approaching us daily, trusting in our company, we are led to conclude partnerships with majors Greek Insurance Market, but also the abroad.

Our belief is that to be able to be efficient and to stand out, you must always find solutions to any request by the prospective client, presenting the best options to choose.

Despite the fact that the Greek Insurance Market provides coverage for a specific risk, thereby finding some specialized insurance coverage are not available in the domestic range of insurance products, Sicuro Group has the flexibility and ability to find solutions and abroad through collaborations . Having concluded agreements with insurance companies globally, perform any, as possible, insurance requirement of the prospective client, as specialized and unusual it may be.

At the same time, witnessing innovative products obtained abroad , perhaps even unknown in Greek Insurance Market , so we are able to offer prospective clients , if we judge that these are adequately met their needs.

Our policy is to move and act based fast rules, why we are committed to our customers, including:

- ✓ Analysis and study of their insurance needs and training plan that fully covers these needs.
- ✓ Investigation of insurance markets and finding the right insurance company or pool partners to take on the coverage, based on:
  - The most favorable insurance conditions (exemptions, conditions, limits damage, limitations, etc.) in order to avoid any unpleasant surprises in the event of an insured risk covered.
  - The creditworthiness and experience of the Insurance Company and its executives, in this kind of insurance.
  - The cheaper offer.
- ✓ Design of coverage, collection offers and their portrayal in comparative tables (for large commercial risks).
- ✓ Check the insurance policy to be issued by the Insurance Company, based on selected, the customer, supply and delivery to him.
- ✓ Monitoring the conditions of risk and insurance throughout the duration of and making all changes and modifications that may be requested.
- ✓ Insurance & Technical support in case of damage to the compensation to reflect the actual loss suffered by the policyholder and as short as possible time.

We cooperate with the whole insurance market always with the proper selection of suitable product according to the need of our client:
